

Job Vacancy Description:

Proposal Writer

Reference: 22/22

1. The company

Trama TecnoAmbiental (TTA), with headquarters in Barcelona (Spain), is an international engineering and consulting firm in business since 1986 in the field of renewable energies specialized in distributed generation and energy access. TTA's multidisciplinary team has comprehensive experience at both technical and management levels and has been exposed to numerous international projects all over the world.

With its more than 30 years of experience, **TTA offers a full range of cross-cutting engineering & consulting services** for all kind of renewable energy and energy access projects, such as:

- *Consultancy in energy access and renewable energy projects (on-grid and off-grid).* Project identification and evaluation; Technical and Economic feasibility studies; Assessment of renewable energy sources, Engineering studies; Social and environmental impact assessments; Owner's Engineering services; Preparation of technical specifications and bidding documents; support during procurement; construction supervision; monitoring and evaluation services; Operation and Management services.
- *Engineering Procurement & Construction (EPC) of micro-grids.* Design, supply, installation and commissioning of turnkey rural micro-grid projects.
- *Energy efficiency and green buildings.* Evaluation, design and monitoring of energy efficiency projects; Energy auditing; Integration of renewable energies into buildings and green building practices.
- *Institutional, Policy and Regulatory Support.* Design of rural electrification policies, programmes, strategies and action plans; Policy development and planning; Development of business models and revenue schemes; Market potential assessments.
- *Capacity Building.* Capacity building and specialized trainings.
- *R&D.* Publication of articles, documents, guidelines, case studies, and presentations at international conferences.

TTA is a **pioneer SME firm in renewable energy-based generation and solar PV Hybrid mini-grids**. At the forefront, TTA was the driving force for the implementation of the first micro-grid projects in Spain in the early 1990s, and later on applying its expertise in Latin America, Africa and the Mediterranean. TTA has implemented mini-grids as EPC contractor in Ghana, Chad, Cape Verde, Ecuador, Palestine, Morocco, etc. some of which have been operated and maintained by TTA. Having collaborated in various tasks of the International Energy Agency (IEA), TTA was awarded with the EUREC Technology Prize 2001 "for developing excellent system technology for rural electrification based on renewable energy sources, combined with an innovative, user-oriented approach for its implementation". Furthermore, in September 2015, TTA was awarded with the Prize "Off-Grid Experts Awards" by the company Off-Grid Phaesun together with ARE (Alliance of Rural Electrification), for excellence in the performance in the field of Off-Grid power supply, in the Category A "product" for TTA's "Electricity Dispenser", an advanced meter for mini-grids.

In terms of **publications**, TTA has been the main contributor of the IRENA's Innovation Outlook: Renewable Mini-grids (2016) and is author of the World Bank's ESMAP Benchmarking study of

Solar PV mini grids investment costs (2017 & 2018). TTA’s first hand field experience in the Operations and Maintenance of Mini-grids has been used by IRENA’s Policy Toolkit. These are just some of the latest references in which TTA has participated.

Another significant milestone in the sector, is TTA’s lead organization of the **International Conference on Solar Technologies & Hybrid Mini Grids to improve energy access**, a relevant sector event being held in Mallorca (Spain). Its 3rd edition, supported by renowned organizations such as the ESMAP, World Bank, EnDev, GIZ, SNV and AE4H was held in September 2021.

TTA’s track record in the field of Renewable Energies and Rural Electrification is demonstrated by the extensive list of projects carried out around the globe for project developers, contractors, power utilities, governments as well as all major International Organizations such as the World Bank, IFC, UNDP, UNOPS, UNIDO, UNICEF, GEF, UNESCO, IDB, OAS, European Commission, AECID, GIZ, KfW, and other cooperation and development agencies, NGOs, local communities and individuals.

TTA is also member and/or collaborates with the following organizations and Groups. TTA was a founding member of the **Alliance for Rural Electrification (ARE)**.

2. Job description

TTA is looking for a **Proposal Writer** to lead and develop proposals matching the Term of References (generally from International Tenders: World Bank, UN, EU) to get realistic contracts together with Team Leaders, partners, and experts' inputs.

The nature of the projects will mainly be related to energy access to services or goods. This might concern the **full range of cross-cutting engineering & consulting services** mentioned above in section 1.

The Proposal Writer will report to the Head of the Unit.

3. Responsibilities

The **Proposal Writer** will mainly be involved in:

- Determining proposal concept by identifying and clarifying needs; studying requests for proposal (RFPs); attending strategy meetings.
- Determining strategies and partners.
- Planning activities to meet submission deadlines.
- Identifying sources of information, gathering, writing, reviewing information; entering and monitoring data; coordinating requirements with contributors.
- Writing proposal including objectives/outcomes/deliverables, implementation, methods, timetable, staffing, CVs, budget, experience list, standards of performance, and evaluation; **writing, revising, and editing** drafts.
- Coordinating submission: editing and printing.
- Maintaining quality results by using/improving templates; following proposal-writing standards including readability, consistency, and tone; maintaining proposal support databases.
- Obtaining approvals by reviewing proposal with Team Leaders.
- Improving proposal's commercial rate of success, evaluating and re-design processes, approach, and coordination; implementing improvements.
- Managing and following up opportunities database, analysis with trends statistics to guide team leaders.
- Taking over certain project tasks related to consultancy in energy access, project management activities and technical reporting, according to the candidate's educational background and experience (when needed).

4. Profile

The ideal candidate for this position will have the following competencies:

1. **Educational Background.** A Master's degree in renewable energies and/or energy access will be desirable.
2. **Previous Work Experience.** Minimum 2 years of experience in renewable energy and/or rural electrification and/or development projects is required.
3. **Proposal writing.** Previous work experience related to proposal writing or similar.
4. **International, gender, and productive use project experience** is highly desirable.
5. **Languages.** Fluency in English with excellent writing, editing and proofreading skills. Fluency in French is highly desirable.

6. Computer Skills. Excellent command of Microsoft Word and Excel is required. Experience in sector-related simulation tools (HOMER, PVSyst, GIS, etc.) is desirable.

7. Skills.

- Ability to take interdisciplinary information and rewrite it concisely and clearly, with grammatical perfection, strong compliance, and accuracy.
- Ability to work in a deadline-driven environment.
- **Analytical skills, efficient designing and implementing of processes.**
- Ability to manage multiple proposals simultaneously.
- Methodical and well-organized.
- Problem-solver, pro-active and results-oriented.
- Cross-cultural communication and interpersonal skills.
- Experience of the procurement process, especially from the World Bank, European Union, GIZ, UN Agencies, or similar is desirable, but not essential.

5. Conditions

- **Salary and benefits:** TTA offers a multicultural and flexible working environment with remote work possibilities and flexible working hours, teamwork and constant learning. Salary is to be defined, depending on the qualifications of the candidate.
- **Starting date:** Immediate.
- **Position based in:** Barcelona, Spain.
